\*The pass point is based on the complete examination. The pass point consists of standard set analysis of combined content of the three modules, summing as the total composite score. There are no pass/fail determinations for the individual modules.

A certificate of Diplomate status will be mailed in the next two months with the name as it appears in the greeting line of this email, to the following address:

Animal Disease Diagnostic Laboratory

Contact [exam@acvp.org](mailto:exam@acvp.org) by November 1 if needed to provide updated information for your certificate.
